For friends, relatives or employees a new Suit or Overcoat is often an ideal gift, because often so needed, so appreciated and so permanent. Clothes peculiarly fill the gift requirements, because they can be had in so wide a range of prices; because they can be had in all sizes; because the models and fabrics are so advanced in style and being of the foremost make in the land they embody all that is best and modern in clothes.

Other Good Suits, \$3.50 to \$10

### Gifts of Clothing?

Our stock is very complete and we invite your inspection before the rush of the many late Holiday shoppers.

### Desirable Holiday Gift Handkerchiefs

Handkerchiefs are the most popular of gifts. No article is more universally acceptable or practical. These are extra values and we suggest that selections be made while the assortment is complete.

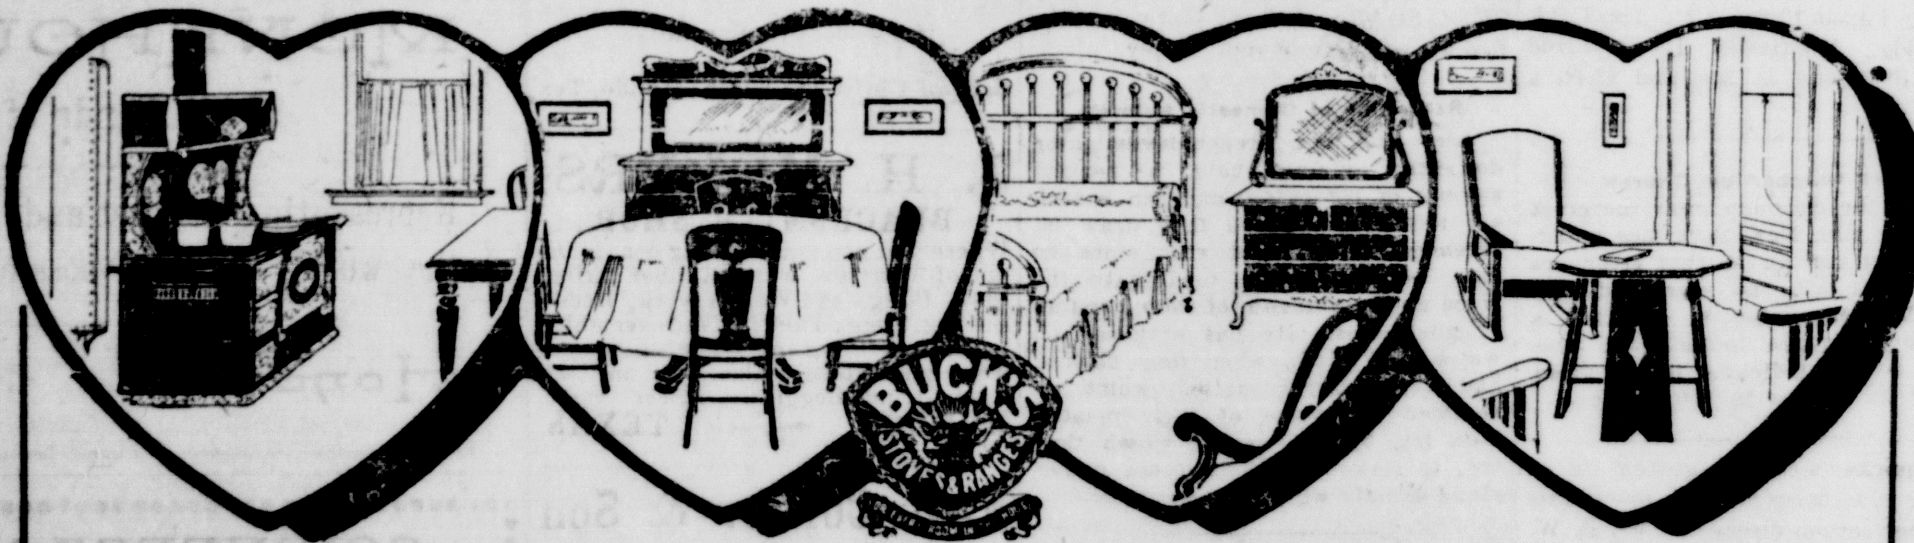

Christmas Handkerchiefs at 5 cts., 10 cts., 12 1-2 cts., 15 cts., 25 cts., 35 cts. and 50 cts.

### For Christmas

Think of your boy—make him happy by giving him a good Suit and Overcoat for a Christmas present. The materials our Boys' clothing are made from are the most durable made, and they will stand, with ease, the rough usage they get in the school grounds. Yet, they are not expensive—not quite so much as the other dealers ask for the poorer qualities.

Other gift suggestions for the boy: Hats, Caps, Shoes, Sweaters, Shirts, Neckwear, Underwear, Suspenders, Hosiery and Handkerchiefs.

In selecting Christmas gifts do not overlook the fact that Furniture and the various sundry Furniture accessories make the most useful and acceptable presents. A piece of Furniture is always in evidence—A constant reminder of the giver. It is not put away in a closet—it is not hidden—and its life is for years. The cost is small and the usefulness is beyond comparison with most of the gifts usually given. All goods marked in plain figures. **10 per cent discount for cash on all Furniture purchases and we pay the freight.**

## Beware of Ointments for Catarrh that Contain Mercury.

as mercury will destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c. per bottle. Take Hall's Family Pills for constipation.

## The Dangerous Leopard.

Natives of all countries are unanimous in declaring that the leopard is more dangerous than the lion or tiger. They have no fear of the lion, providing they are not hunting it. A lion will not attack unless provoked, but a leopard is never to be trusted.

When you have a cold get a bottle of Chamberlain's Cough Remedy. It will soon fix you up all right and will ward off any tendency toward pneumonia. This remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. Sold by all dealers.

## Noonan Notes.

By CRITIC.

ED. ANVIL HERALD:

Some from here attended the dances last Wednesday and others helped to eat big dinners on Thursday and by doing so think that they observed the day in a pleasing way to God and the universe. Seemingly, it is a very poor way to give thanks to the Almighty for the blessings received during the present year, for we surely have much to be thankful for and should observe the day better than we did. Frolics and fighting booze is not giving thanks.

A few days ago a friend of mine told me the evils resulting from drink and had me almost converted. But when I read about the adversities in auto racing and ball games and about the foot ball victim, Rudolph Munk, of the West Virginia University, and then a coroner's jury finding a verdict of accidental death, I came to the conclusion that we have other evils besides strong drink that should be banished.

Those Camels shipped from Arizona to San Antonio and thence to Dilley should, in my opinion, have stopped at Devine to be used to carry the mail east from Devine as they are the very animals with which to traverse the sandy deserts.

Grandpa Vollmering of Comfort is visiting his son, August, and family.

Joe Tschirhart celebrated his birthday last Friday.

Henry Mangold is nursing a sore hand. Nov. 28, 1910.

## Mrs. Northup, Quincy, Ill.

Mothers should be grateful to know of a remedy for their own stomach, bowel and liver troubles as well as for those of their children. Mrs. Alice Northup of Quincy, Ill., after trying many methods is free to admit that the best one is Dr. Caldwell's Syrup Pepsin, which she uses herself and gives to her family. She believes no household should be without it. This grand laxative and tonic is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1.00 a bottle.

## Street Number on Church.

One of the churches near the crest of Murray Hill, New York, has adopted a street number so that strangers may find it with no more difficulty than they encounter in reaching a shop they may be looking for. This church is now indicated in the directory by its number in Fifth avenue.

The quicker a cold is gotten rid of the less the danger from pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all dealers.

Never Die.  
To live in hearts we leave behind is not to die.—Campbell.

## Dandruff And Itching Scalp Yield To This Treatment.

We invite you to try ZEMO and ZEMO SOAP and if not entirely satisfied we will refund your money.

## Rescuing of Domestic Animals.

According to a French investigator domestic animals have a certain amount of reasoning, and can associate ideas from which they draw inferences. Dogs, and still more so cats, he says, learn to imitate the voice and movements of their masters or mistresses. He has noticed old watchdogs which, when they barked, had a peculiar intonation, which resembled the voice of their master. Cats try, by the way in which they cry, to make their mistresses understand exactly what they want.

## A simple safeguard for Mothers.

Mrs. D. Gilkeson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes. W. H. Windrow.

The Means of Companionship. Companionship implies virtue in both parties contributing to it. Both must have a certain amount to give of cheer, strength, humor, sympathy, interest. Criticism, except where it is witty, is futile. It annoys without correcting, as a rule. As Stevenson somewhere says wisely, there is one person in the world who you are to make good—yourself—other people you are to make happy, if you can.—Harper's Bazar.

## Take Care!

Remember that when your kidneys are affected, your life is in danger. M. Mayer, Rochester, N. Y. says: "My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years. W. H. Windrow.

J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of my back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago." W. H. Windrow.

**Silence!**  
The instinct of modesty natural to every woman is often a  
great hindrance to the cure of womanly diseases. Women  
shrink from the personal questions of the local physician  
which seem indelicate. The thought of examination is ab-  
horrent to them, and so they endure in silence a condition  
of disease which surely progresses from bad to worse.

We made a mistake in last week's  
write-up of the Zinsmeyer-Haegelin  
nuptials. The bride was not the daugh-  
ter of Mr. and Mrs. Alex Haegelin but  
of Mr. and Mrs. Jos. Haegelin.  
Born, to Mr. and Mrs. Ed A. Tschir-  
hart on Tuesday, Nov. 22nd, a daughter,  
Geo. Aschbacher, the jovial Weiss  
beer man, was here on business Wed-  
nesday.  
Both Thanksgiving eve balls came off  
on schedule time at Wernette's opera  
house and Tschirhart's pavilion. They  
were fairly well attended and very  
much enjoyed. The best of order pre-  
vailed.  
Thanksgiving services were observed  
at the Lutheran church.  
Mrs. Louis Scherrer and daughter,  
Florence, left Saturday for San Antonio.  
Mrs. Scherrer joined them Sunday.  
Mrs. Mary A. Bendele and son, Frank  
X., also left for San Antonio Saturday.  
Ferd. Kilhorn Jr. made a business  
trip to La Costa Saturday.  
Tax Collector Joe Ney spent Monday  
and Tuesday collecting taxes.

**WEDDING BELLS.**  
Mr. George Frey and Miss Theresa  
Biediger were happily married at St.  
Louis church Tuesday morning, Nov.  
22, 1910. Rev. Father Heckmann per-  
forming the ceremony. The attend-  
ants were Mr. Robert Tschirhart and  
Miss Elise Biediger. After the cere-  
mony the bridal party and a number of  
invited guests repaired to the hospi-  
table home of the bride's mother, Mrs.  
John Biediger, of lower Medina, where  
the day was pleasantly spent in feast-  
ing and celebrating the happy event.  
Some of the band boys were present  
and enlivened the festivity with sweet  
strains of music. At night a pleasant  
dance was tendered the happy young  
couple.  
Mr. John M. Mechler and Miss Clo-  
tilda Tschirhart were happily united in  
the holy bonds of matrimony early  
Thursday morning, Nov. 24, 1910. Rev.  
Father Heckmann performing the nup-  
tial ceremony. The happy couple and  
attendants marched to the altar to the  
sweet strains of a beautiful wedding

**A good Ending.**  
Old people are especially prone to  
stomach, liver and bowel ailments.  
Old age can be made the pleasantest  
time of life if these diseases can be a-  
voided. They can be avoided and cured,  
by the use of Dr. Caldwell's Syrup  
Pepsin, which cures chronic constipa-  
tion, dyspepsia, liver troubles, heart-  
burn, sour stomach, flatulency, in-  
digestion, etc. It is absolutely guar-  
anteed to do what we claim, and if  
you want to try it before buying, send  
your address for a free sample bottle  
to Pepsin Syrup Co., 119 Caldwell Bldg.,  
Monticello, Ill. It is sold by all  
druggists at 50c and \$1.00 a bottle.

march, rendered by Miss Emma  
Schmitt. The attendants were: Mr.  
Julius Tschirhart and Miss Magdalena  
Mechler, and Mr. W. F. Naegelin and  
Miss Katie Schmitt. Immediately after  
partaking of breakfast at the home  
of the groom's parents, Mr. and Mrs.  
E. A. Mechler, the young couple left  
for Lacoste where they boarded the  
train bound on a wedding tour to Bur-  
lington and Waco. They will be at  
home to their friends after Dec. 1 at  
Hondo where they will reside and where  
the groom will engage in business.  
We join the many friends of both  
young couples in wishing them a long,  
happy and prosperous married life.

**Died.**  
Mr. Lorenz Ahr died at his home in

Rev. Father Heckmann officiating.  
Deceased was born at Oberenzen, Al-  
sace, Germany Aug. 9, 1828, conse-

demise. He came to this country in  
1845 and on January 4, 1854 he was  
married to Miss Anna M. Bishof (who  
preceded him in death about eleven  
months) which union was blessed with  
thirteen children, ten of whom, six  
sons and four daughters, survive. Be-  
sides those mentioned, the deceased  
leaves forty-two grand-children and  
twenty-four great-grand-children to  
mourn his loss. Mr. Ahr was a charter  
member of the St. Louis Society, which  
order attended the funeral in a body.  
Besides these, a large concourse of  
mourning relatives and friends follow-

place. We join in sympathy with the  
bereaved ones. R. I. P.

**Precocity Among Clergy.**  
The most notable examples of pre-  
cocity among the clergy are afforded  
by the careers of the Abbe de Bance  
and Bossuet, the former having be-  
come a splendid Greek scholar at 12.  
In his thirteenth year he was ap-  
pointed to an important benefice.

When your feet are wet and cold,  
and your body chilled through and  
through from exposure, take a big dose  
of Chamberlain's Cough Remedy, bathe  
your feet in hot water before going to  
bed, and you are almost certain to  
ward off a severe cold. For sale by all  
dealers.

**Agricultural Note.**  
"They are putting paris green on  
the cabbages," said one summer girl.  
"Yes," replied the other. "It's hard to  
get anything that isn't artificially col-  
ored."

**ELEVEN TONS OF DIAMONDS**  
Output of the Kimberly Mines in  
Thirty-nine Years—Discovery  
of the Record Gem.  
The day's work at the mine was  
over and Frederick Wells, the sur-  
face manager, was making his usual  
rounds. Glancing along one side of  
the deep excavation his eye suddenly  
caught the gleam of a brilliant object  
far up the bank. He lost no time in  
climbing up to the spot where he had  
noted the glint of light. He had not  
been mistaken; it was a brilliant crys-  
tal. He tried to pull it out with his  
fingers and as this proved impossible  
he sought to pry it out with the blade  
of his penknife. To his surprise the  
blade of the knife broke without caus-  
ing the stone to yield. Then he knew  
it was a large stone. So large and  
brilliant was the stone that he feared  
he was either dreaming or was in-  
sane.  
Determined to test the stone on the  
spot before proceeding further, Wells  
rubbed off the dirt from one of its  
faces with his fingers and soon con-  
vinced himself that it was not a lump  
of glass, but a diamond, apparently of  
exceptional whiteness and purity. He  
finally succeeded in prying out the  
stone and bore it away with him to  
the office of the mine. Here it was  
cleaned and, to the astonishment of  
all, was found to have a weight of  
302 3/4 carats, more than three times  
that of any other diamond that had  
been discovered. Before many hours  
passed the telegraph carried tidings  
to all parts of the world that the great-  
est diamond of this age or any other  
age had been brought to light.  
It was thirty-nine years, July 13,  
1871, since the discovery of diamonds  
in South Africa. Do you know how  
the great mines were discovered?  
Christian Herald asks. A trader  
travelling over night with a Dutch  
farmer saw the children playing with  
bright marbles. The trader took the  
white stones to Capetown and found  
they were diamonds of wonderful  
beauty and great value. In these thirty-  
nine years about eleven tons of di-  
amonds have been taken from the Kim-  
berly mines. Think of eleven tons of  
diamonds, like eleven tons of coal, be-  
ing dumped into your cellar!

**Ends Winter's Troubles.**  
To many, winter is a season of trou-  
ble. The frost bitten toes and fingers,  
chapped hands and lips, chilblains, cold  
sores, red and rough skins, prove this.  
But such troubles fly before Bucklen's  
Arnica Salve. A trial convinces.

**Philosopher of Folly.**  
"The best way to say something  
funny to your wife," says the Phil-  
osopher of Folly, "is to kiss her first  
and tell her you won't mean it, but  
the rest of the company may think it  
clever."

**A Word of Advice From Oregon.**  
A due financial appreciation of a

least affect the Christianity of the

### Hondo's Trades Day.

Owing to the inclement weather Saturday and the absence of orderly arrangements for the same, Hondo's initial Trades Day did not pan out as successfully as it should have done. However, there were more than the usual number of Saturday visitors to our little burg and some trading was done.

An impromptu horse show was held on College Square at two o'clock at which the following horses were awarded blue ribbons through the courtesy of the Hondo State Bank: French Coach; Neuman & Co.'s Silver Boy; D. B. Martin's General Hal; horse of Ad. Haegelin; horse of Joe Britsch; two-year-old horse of Ad. Haegelin; bay filly of Howard Laughinghouse; and baby colt of Fritz Leinweber.

The result of the Trades Day, while a disappointment to most of us, demonstrated the practicability of such an enterprise and proves that with good management it could be made a successful and profitable one for our town.

Let's not stop with this step. The last Saturday in this month is to be the next Trades Day. Let us make it a success. There need be no misunderstanding as to the purpose of the next one. Let our merchants get together, along the lines already suggested in these columns, and arrange for a co-operative bargain offering to the trading public and then, through extensive advertising, invite the people from every where to come here to trade. It can be made a success. But it will require prompt action and the harmonious co-operation of those who are to profit by it—the merchants of Hondo. It's up to you; what will you do about it?

### Neil Litchfield Trio.

Laughter, as an emotion, is as hygienic as water and light. The mission of the Neil Litchfield Trio is to make people healthful and happy by making them laugh. Their entertainments serve as a delightful haven to the heavier and more philosophical numbers of the Course. While primarily a Humorist, Mr. Litchfield also recites—his selections running from the highly dramatic to the intensely humorous and pathetic. After his college course at Cornell University he took several special courses of instruction with the best teachers of elocution and platform art in the United States, thoroughly fitting himself for a public reader, which profession he followed for many years.

Mrs. Litchfield, who has had years of experience on the platform as an entertainer and violiniste, is a close second to her husband.

Miss Abbie Litchfield ably presides at the piano, and gives a true-to-life personation of Amanda Green, in the closing comedy, "Down at Brook Farm." This rural comedy playlet has been given over 3,500 times in the United States, Canada and Europe. It is clean and refined in character and, without doubt, the funniest comedy on the Lyceum platform today.

This popular Trio will appear at the Auditorium next Monday night, Dec. 5th under the auspices of the Hondo Mothers' Club. Go out and enjoy the entertainment and help to promote the school library.

The Philathea class met with Mrs. Roland Chancey, Tuesday, Nov. 29th. The meeting opened with prayer by Rev. D. W. Bennett.

The minutes of last meeting were read and approved.

The roll call was answered with scripture verses.

The subject of the lesson in "The History of Methodism" was "Southern Methodism," led by Mrs. T. C. Hickman.

Bro. Bennett gave the class an interesting talk on "Southern Methodist Pioneers," which was very instructive and enjoyed by every member.

After the devotional and business exercises the class was treated to a delicious repast of sandwiches, salad chocolate and cake.

The meeting adjourned to meet with Mrs. T. C. Hickman on Tuesday, Dec. 13th.

Let each member answer the roll call with Christmas quotations.

The company assembled Thursday night and installed the paraphernalia in the new quarters.

Heating Stove? Well, we can fit you out. Holloway Bros.

The new seats for the school house auditorium arrived this week and will be installed in a few days. This will give the school a commodious and convenient assembly room, something that has long been needed.

S. A. Jungmann came over from Castroville Thursday and qualified as County Clerk. He will occupy the office heretofore occupied by Aug. Kempf in the court house and an office will be arranged in the District Court room for District Clerk Kempf.

J. F. Bader came over from Castroville Thursday and qualified as Sheriff. Mr. Bader will occupy the former district attorney's office in the court house as his office and will move his family here as soon as a house can be secured. Tax Collector Joe Ney retains his old office in the court house.

Commissioners B. C. Wiemers and R. S. Howard sat for the last time in the Commissioners Court Thursday, their successors qualifying and taking their seats Friday. Messrs. Wiemers and Howard have long been faithful and efficient officers and voluntarily retire with the good will of a large majority of their constituents.

The Commissioners' Court convened at the court house Thursday. All members of the old board were present. The bonds of the newly elected county and precinct officers were approved and the court convened Friday morning with the new members present. As we go to press Friday the court is transacting routine business.

Postmaster James H. Dulaney, of Leakey, Texas, has called a meeting for all Postmasters of the Fourth Class, of Edwards, Uvalde, Zavalla, Bandera and Medina Counties, to convene in the Court-house at Hondo, Texas, on Tuesday, December 13th, 1910, for the purpose of organizing a Postmasters' League. All Postmasters are urgently requested to be present.

The dinner given Saturday by the ladies of the Christian church was well patronized and netted the ladies about \$44. We are authorized to extend the thanks of the ladies to the public for its patronage and also to Uncle Rolf Frerichs for the free use of the building. The proceeds of the dinner will be applied to the painting of the Christian church.

What would have proven a serious fire if not discovered in time occurred at the school house early Thursday morning. The Mexican janitor built a fire in the stove in the south room of the annex and left some kindling next to the stove. The stove got hot, set the kindling on fire and this set fire to the floor but luckily it was extinguished before any serious damage was done.

Peter Weynand shipped 400 pounds of broom corn to the San Antonio Broom Factory this week. The straw is of good quality and he received five cents per pound for the same. Mr. Weynand has been experimenting with this crop for a number of years and has demonstrated its adaptability to our soil and climate. If it is a profitable crop our farmers might consider the plan of a co-operative broom factory and go into a more extensive cultivation of this plant.

Fun in plentiful measure, an evening embellished by the presence of beautiful and attractive young ladies, adepts in dance and song work, and many special scenic and electrical effects is the explanation of what the local theatergoers can expect at the performance of the Matinee Girl Musical Comedy Company, which plays at the Auditorium tonight. This is the comedy success of the season and the company is the largest organization of its kind that is routed this way, playing one of the latest New York pieces, with a strong cast.

## Bringing the Farm to Town

MAIL delivery helps bridge the gap between farm and city. The telephone carries the farm into the very heart of the city itself. It has been said that the rural free delivery of mail and the introduction of the telephone have been the two most important factors in bettering farm conditions both socially and financially.

By means of the telephone a farmer can keep advised of the day's events. He can order supplies, converse with friends, consult the doctor, learn the day's prices of the produce he may have for sale. In a hundred and one ways the telephone on the farm proves its usefulness.

Why not bring your farm within the city by means of Bell telephone service?

## A Handsome Woman

Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eye, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and assist to fulfill their proper functions. So mild and gentle do they act that one hardly realizes that they have taken medicine. Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and dizziness. Sold everywhere. Price 25 cents.

### Dr. Miles' Heart Remedy

cured Mrs. C. C. Gokey, of a stubborn case of heart disease, such as thousands are now suffering with. Read what she says:

"Before I began taking Dr. Miles' Heart Remedy I had been suffering from heart trouble for over five years. I had grown so weak that it was impossible for me to do thirty minutes work in a whole day. I suffered intense pains in my left side and under the left shoulder blade, I could not sleep on the left side, and was so short of breath that I thought I should never be able to take a full breath again. The least excitement would bring on the most distressing palpitation. I had scarcely taken a half-bottle of the Heart Remedy before I could see a marked change in my condition. I began to sleep well, had a good appetite, and improved so rapidly that when I had taken six bottles I was completely cured."

MRS. C. C. GOKEY, Northfield, Vt.

If you have any of the symptoms Mrs. Gokey mentions, it is your duty to protect yourself.

## PAVEMENT PHILOSOPHY

No man feels that he has a right to be left.

Many a girl's beauty is spoiled by an ugly frame of mind.

Of two evils it isn't always necessary to choose either.

The man with a hot temper doesn't always make a warm friend.

The fellow who is full of hot air doesn't always manage to get up steam.

One good swift kick will often accomplish more than a lot of kindness.

Trouble is the most obliging thing in the world. It will never dodge the people who are looking for it.

Some people can't even do their duty without patting themselves on the back.

Perhaps our clouds have a silver lining, but it generally takes other people to see it.

Lots of us never put off till tomorrow what we can have done for us today.

It's the things we don't get that we should sometimes be most thankful for.

Circumstances over which we have no control frequently take the form of wives.

Many a fellow's lofty ideals extend no further than highballs.

Some people are so tireless that they become positively tiresome.

The best man at a wedding is the fellow who isn't getting married.

To greet misfortune with a smile is decidedly a one-sided flirtation.

Lots of marriages merely demonstrate that misery loves company.

## WEDDING DAY OMENS

The bride who dreams of fairies the night before her marriage will be twice blessed.

If the bridegroom carries a miniature horseshoe in his pocket he will always have luck.

Don't wear an opal. Some people declare that opals are lucky. History proves the contrary.

The bride who finds a spider in her wedding dress may consider herself lucky.

No bride, if she would have good luck, should bake her own wedding cake. To do so invites ill fortune.

Should a bride, perchance, see a funeral while being driven to the railway station prior to departing upon her wedding tour, she should order the driver to turn back and start over again, or else she will surely meet with bad luck.

No bride or bridegroom should be given a telegram while on the way to church. It is a sign of evil.

To try on the wedding ring before the day of the marriage is considered very unlucky. And for the bridegroom to drop it while placing it on the bride's finger is also held to be token misfortune.

To lose the ring—or even to remove it from the finger—is another unlucky sign.

## QUIET THOUGHTS

A still tongue carries further.

The finger of scorn should be curved.

Some bad neighbors are so from example.

Many suburbs are paved with good intentions.

Man is known by the company he works.

Also dirt is a good friend, but a bad master.

Some folks keep up their appearances, but let their fences go.

Too much booze also makes the world go round.

It is better to get down to brass tacks than to sit on one.

Three rhyming words that are very closely related: "Boys," "toys" and "noise."

## SCIENCE BRIEFS

Our ladies who sip peppermint essence will be horrified at the chemist's report, which shows that lager beer contains only 4 per cent of alcohol and peppermint essence 23 per cent.

The best way to get an increase of salary is to work so hard the boss can't get along without you—then quit.

The fashion for red barns is dying out in the country districts.

The shortest days in the year are holidays.

## Guard the Salt Water.

Along the coast of Italy policemen, the state guards, patrol the beaches by twos to see that the poor people do not steal the sea water in order to secure the needed salt, for the lack of which they suffer cruelly. The salt tax is one of the mainstays of the Italian fleet.

### His Idea of Sleep.

## An Irresponsible Client.

The lawyer of a man named Tambornino, who was being tried for theft in the Paris courts recently, pleaded that Tambornino was not quite accountable for his actions. This defense made the prisoner so angry that he leaned over the dock and knocked his lawyer flat on the floor of the court. The lawyer was not much hurt and rising to his feet, made use of his client's violence so cleverly that he secured an acquittal.

## 30 Years of Success

The B. M. Hyde Co. Offer a Remedy for Catarrh. The Medicine Costs Nothing if It Fails.

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relieve catarrh, it is only reasonable that people should believe us, or at least put our claims to a practical test when we take all the risk. These are facts which we want the people to substantiate. We want them to try Rexall Mucu-Tone, a medicine prepared from a prescription of a physician with whom catarrh was a specialty, and who has a record of 30 years of enviable success to his record.

We receive more good reports about Rexall Mucu-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Mucu-Tone is, it would be the only catarrh remedy we would have any demand for.

Rexall Mucu-Tone is quickly absorbed and by its therapeutic effect tends to disinfect and cleanse the entire mucous membrane tract, to destroy and remove the parasites which injure the membrane tissues, to soothe the irritation and heal the soreness, stop the mucous discharge, build up strong, healthy tissue and relieve the blood and system of diseased matter. Its influence is toward stimulating the mucous cells, aiding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in weight, strength, good color and feeling of buoyancy.

We urge you to try Rexall Mucu-Tone, beginning a treatment to-day. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. We have Rexall Mucu-Tone in two sizes, 50c and \$1.00. Remember you can obtain Rexall Remedies in Hondo only at our store.—The Rexall Store. F. H. Falkenberg.

## Three-Dollar Gold Pieces.

Beginning with the year 1854, and ending with the year 1889, there were 539,792 of three-dollar gold coins sent out from the United States mints, a total value of \$1,619,376. A few were made in the early years at the mints at Dahlonega and New Orleans and quite a number at the San Francisco mint up to 1860, but the bulk of these coins were turned out by the mint at Philadelphia. They were never coined in sufficient numbers, these figures show, to become really familiar to the people outside of banks, and it is hardly strange that the existence of the coin should be now largely forgotten.—Housekeeper Magazine.

## Saved From Awful Death.

How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, N. C. R. F. D. No. 8. "My sister had consumption," he writes, "she was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled with a cough since. It's the best medicine I ever saw or heard of." For coughs, colds, lagrippe, asthma, croup, hemorrhage—all bronchial troubles, it has no equal, 50c and one dollar. Trial bottle free. Guaranteed by W. H. Windrow.

## Diamond Will Indent Steel.

While the diamond is the hardest substance known it is also brittle and may be fractured by a blow. But if it is placed between two hard steel faces in a hydraulic press and a slowly accelerating pressure applied the hard steel will become indented.

## Wants to Help Some One.

For thirty years J. F. Boyer, of Fertile, Mo., needed help and couldn't find it. That's why he wants to help some one now. Suffering so long himself he feels for all distress from Backache, Nervousness, Loss of Appetite, Lassitude and Kidney Disorders. He shows that Electric Bitters work wonders for such troubles "Five bottles", he writes, "wholly cured me and now I am well and hearty". It's also positively guaranteed for Liver Trouble, Dyspepsia, Blood Disorders, Female Complaints and Malaria. Try them. 50c at W. H. Windrow's.

## Too Ambitious.

"Some men," reflected the veteran turnkey, "manage to break into jail by workin' too hard tryin' to help their wives break into society."

ABOUT ADVERTISING—NO. 3

## How to Write Retail Advertising Copy

By Herbert Kaufman.

A skilled layer of mosaics works with small fragments of stone—they fit into more places than the larger chunks.

The skilled advertiser works with small words—they fit into more minds than big phrases.

The simpler the language the greater certainty that it will be understood by the least intelligent reader.

The construction engineer plans his road-bed where there is a minimum of grade—he works along the lines of least resistance.

The advertisement which runs into mountainous style is badly surveyed—all minds are not built for high level thinking.

Advertising must be simple. When it is tricked out with the jewelry and silks of literary expression it looks as much out of place as a ball dress at the breakfast table!

The buying public is only interested in facts. People read advertisements to find out what you have to sell.

The advertiser who can fire the most facts in the shortest time gets the most returns. Blank cartridges make noise but they do not hit—blank talk, however clever, is only wasted space.

You force your salesmen to keep to solid facts—you don't allow them to sell muslin with quotations from Omar or trousers with excerpts from Marie Corelli. You must not tolerate in your printed selling talk anything that you are not willing to countenance in personal salesmanship.

Cut out clever phrases if they are inserted to the sacrifice of clear explanations—write copy as you talk. Only be more brief. Publicity is costlier than conversation—ranging in price downward from \$6.00 a line, talk is not cheap but the most expensive commodity in the world.

Sketch in your ad to the stenographer. Then you will be so busy "saying it" that you will not have time to bother about the gewgaws of writing. Afterwards take the type-written manuscript and cut out every word and every line that can be erased without omitting an important detail. What remains in the end is all that really counted in the beginning.

Cultivate brevity and simplicity. "Savon Francais" may look smarter, but more people will understand "French Soap." Sir Isaac Newton's explanation of gravitation covers six pages, but the schoolboy's terse and homely "What goes up must come down" clinches the whole thing in six words.
